

Acknowledgments

We are grateful to the supporters of the conference that made this book possible—the Coordinating Council for North American Affairs of the Republic of China, the National Science Council of the Republic of China, National Taiwan University, the China Program of the University of Washington, National Taiwan University Alumni Association of Western Washington, and Mike Pao.

We received able assistance in organizing the conference from Melissa Brown, Maria Duryea, Yichun Yang, and Harlan Dorfman. Melissa Brown and Ralph Litzinger provided vital services in proofreading and compiling the index, and Alison Auch of Westview Press and Deborah Lynes of D & D Editorial Services were able shepherds of the book through its many stages of editing and printing.
